## **Who We Are**

### **About Us**

Program runs on Saturdays from 11am till noon at Cowan Park. This includes participants that have Autism, physical and/or mental disabilities, Special Olympics Athletes along with any other special needs participants, that cannot or do not want to participate in current WSC programs. The hope is to develop a program so everyone interested can participate in the game of soccer. We understand that our current programs are not accessible to some participants, and the hope is the WSC can become an all accessibility club that allows everyone interested to participate in the game of soccer. More information is available through the club.
